

Online Behavior Contract

With the advent of online social networking websites such as FaceBook and MySpace and other online services such as blogs, Twitter, Formspring and personal websites, it is important to note that all band members are expected to act appropriately online as well as in real life. You are to represent yourself, the Warner Velvet Blues Band and our Lord Jesus Christ with respect at all times. Posting inappropriate pictures, videos and comments of any type is not acceptable and will result in disciplinary procedures up to and including removal from the band program.

While we do not want band members to stop using all such websites, we do encourage proper Internet usage at all times. Your actions still reap consequences when you go online. Internet Bullying and Harassing will not be tolerated either.

I agree to the terms above: that my life online will be completely transparent and in accordance to the statements on this contract.
