Warner Christian Academy English Language Proficiency Standards for International Students

To provide flexible and affordable testing options for students from a wide range of nations and academic backgrounds—including those attending schools, tutoring centers, and language institutes—Warner Christian Academy accepts the Duolingo English Test as an approved measure of English proficiency.

Students may take the Duolingo English Test online [\[HERE\]](#)

The test can be completed from home using a laptop and a cellphone, making it both a convenient and cost-effective option that eliminates the need for travel to a testing center.

Applicants should refer to the grade level for which they are applying to determine the expected minimum score (see chart above). These benchmarks represent the minimum English proficiency expected at the time of application and may be adjusted at the discretion of WCA Secondary School Leadership without prior notice. Please note that English proficiency is one of several factors considered in the admissions review process.

When registering for the test, please select Warner Christian Academy as the recipient of your official scores so that results can be sent directly to our admissions office.

For questions regarding English language requirements or any aspect of the international admissions process, please contact our office at **(386) 767-5451** or email admissions@wcaeagles.org.
